

The very best in Electric Potato Chipping from the innovators at IMC. Rated at up to 25kg/min. for production to suit the busiest kitchen.

Constructed of sturdy polished stainless steel with waterproof switches and safety interlocks for ease of operation.

The baffle plate prevents access to the rotor, whilst the micro-switch fitted to the hopper ensures operator safety.

The self-feeding hopper holds 12kg of potatoes.

A full choice of knife/blade sizes are available to order.
