

Varimixer

TEDDY

EASY CLEANING Its die-cast, rounded design and no external screws or openings make TEDDY easy to clean.

ATTACHMENT DRIVE TEDDY is also available in white with an attachment drive for mounting a stainless steel meat mincer.

SAFETY SCREEN A fixed grille and a detachable filling tray and splash guard protect both the operator and the ingredients, while allowing the mixing process to be monitored.

EFFECTIVE TOOLS TEDDY comes with a 5-litre stainless steel mixing bowl with a lid, a wire whip made of 2.5 mm wire, a beater and a specially designed hook which ensures dough is kneaded and turned to perfection. All accessories are made of stainless steel and are dishwasher-safe.

EASY OPERATION Speed is infinitely adjusted using the pass-through control knob, which allows TEDDY to be operated from either side. The knob is also the click-lock and hinge point when the mixer head is tilted back to change tools.

AFFIXED BOWL The bowl is held effectively in place during operation by a single lever.

GOOD STABILITY A wide footprint and suction cups ensure the mixer is stable during operation.
